Effective July 1, 2024

West Valley Recycles is implementing a rate structure change and increase for all commercial customers. This change and increase allows us to catch up on inflation rates, support compliance with local and state law, and invest in improved service quality.

The rate increase for your landfill service will be approximately **20%**. Organics and recycling services will be charged at a rate of **10%** of the equivalent landfill service rate. See details on reverse and contact us anytime for customized support.
